

*Dear Valued shopper,*

*This is normally the page we display various price examples of our pre-owned cars, trucks, suvs and minivans.*

*Today I thought I'd take the time to Share exciting news at V&H Automotive's Pre-owned department.*

*Our goal has always been to offer the best selection and lowest prices in Central Wisconsin. Today, however, we have the technology to be able to prove it!*

*Click into our virtual showroom (used car inventory), search for your pre-owned vehicle of choice, view the car-fax right at our site for no-charge whatsoever. Next, (most car dealers won't tell you this) go ahead and run a search on your favorite car search engine...Autotrader, Cars.com, car soup or Get Auto.com sort from lowest to highest price and I'm sure you'll find the vehicle you chose from our inventory among the first ones displayed, assuring you of a Real Deal!*

*This is our continuing quest.*

*To offer "big city selection at small town pricing"*

*Come visit us soon!*

*Bill Arndt*

*General Manager, V&H Automotive*
